
Electrical Inspector (Detroit, Lansing)

MCKENNA

McKenna's dedicated planning, design and building professionals are in the business of making hometowns home. For over 40 years, we have partnered with municipal leaders to develop and maintain communities for real life. McKenna's services include master planning, economic development, zoning, public engagement, urban design, building department staffing, plan review, code inspection and code enforcement.

POSITION SUMMARY

McKenna team members, including Electrical Inspectors, inspire those around them by displaying their positive individual approaches to solving difficult problems. Our Electrical Inspectors effectively communicate expectations to McKenna team-members with whom they collaborate, as well as outside partners on our multi-firm efforts.

RESPONSIBILITIES

The Electrical Inspector is committed to ensuring project success, from providing thorough, consistent, and helpful inspections, to delivering meaningful and effective plan reviews. Specifically:

- The core responsibility of McKenna's Electrical Inspector is to provide plan review and inspection services that maintain health and safety, are development friendly, focused on customer service, and are lean and efficient
- Work on harmonious teams with other inspectors, plan reviewers, and administrative staff
- Assist Project Directors and Project Managers in improving existing inspection and review systems
- Perform field inspections during various stages of construction
- Review plans and specifications for commercial, industrial, and residential projects to ensure compliance with city, state, and federal laws and regulations
- Perform Rental Housing inspections in accordance with municipal ordinances and regulations
- Report violations and maintain files/records
- Build relationships with current and future clients to increase awareness of McKenna and our work products

PERFORMANCE STANDARDS

Members of McKenna's professional building services team, including Electrical Inspectors are evaluated on specific performance standards, as follows:

- Ability to effectively collaborate with clients (under supervision) and other McKenna professionals
- Capability to multi-task, set priorities, and work under pressure
- Knowledge of local building codes and current construction procedures/technology
- Interpretation of codes in the field and ability to provide code compliant solutions
- Must possess the ability to positively interact with staff members, the general public, contractors, governmental entities, and other clientele

POSITION REQUIREMENTS

Successful Building Professionals most often possess the following knowledge and skills:

- Must be licensed to enforce the State of Michigan Building Code, maintain registration as a code official with the Michigan Department of Labor, Bureau of Construction Codes, pursuant to Act 407, in the category of Electrical Inspector
- Ability to use BS&A software a plus or ability to learn the software
- Possess a valid State of Michigan driver's license
- Excellent verbal and written communication skills
- Effective time management, organization, and attention to detail skills
- Demonstrated ability to exercise initiative and sound judgment
- Ability to respectfully function as a productive and enthusiastic member of a team, under direction of McKenna's Leadership Team, Project Directors, and Project Managers

PHYSICAL REQUIREMENTS

This is a field-based position involving frequent local, in-state travel (no overnights). The role requires standing, walking, kneeling, climbing, working in confined spaces, and working in various weather conditions. Excellent manual dexterity is required to operate hand tools and other equipment. Must be able to occasionally lift up to 50 lbs.

BENEFITS

Health (3 plan options), Dental, Vision, Life insurance, Short-Term disability, Long-Term disability, FSA, HSA, 401(k) profit sharing contributions, PTO, holidays, employee recognition and referral programs, reimbursement for professional licensing and conference attendance.

Competitive compensation offered based on experience. Full-time hires are afforded benefits. Currently, there are open positions in the Detroit area, Charlotte and Lansing. To apply for this position, send your resume to the attention of Human Resources at hr@mcka.com. Please specify the location to which you are applying and where you saw this ad.

McKenna strives to create a dignified and diverse work environment where all team members can thrive. Candidates with non-traditional backgrounds and transferable experience are encouraged to apply.
